Internship for Business Studies Student

With IBM Integrated Supply Chain – Global Customer Fulfillment

(Selangor)

Customer Fulfillment is responsible for global fulfillment support to our clients, business partners, and sales across the breadth of IBM's products and services. The customer fulfillment process aligns to solution delivery, that is, from the time a price is quoted until payment is received. The process begins with receipt of a customer order/request and continues through contract management, scheduling, delivery, billing, accounts receivable, and inventory management.

Responsibilities:

- Support various functions within Customer Fulfillment, such as contract management, billing, account receivables and reports management.
- Collaborate with others to carry out assigned responsibilities and deliver to the client expectations.
Additional Requirements:

- Candidate must possess or currently pursuing a Bachelor's Degree in Business Studies/Administration/Management, Human Resource Management, Finance/Accountancy/Banking or equivalent.
- Candidate must be competent in English.
- Candidate who are competent in other languages such as Mandarin, Korean or Thai, are encouraged to apply.
